

LOUISIANA LAND USE TOOLKIT: 3.0

CENTER FOR PLANNING EXCELLENCE

IMPLEMENTATION HANDBOOK

ACKNOWLEDGMENTS

The creation of the Louisiana Land Use Toolkit would not have been possible without the generous support and hard work of the Center for Planning Excellence (CPEX), Louisiana Economic Development (LED), the U.S Environmental Protection Agency (EPA), the National Association of Realtors, the Coastal Protection and Restoration Authority (CPRA) and our pilot communities, West Feliciana Parish and Tangipahoa Parish. Additionally, without the commitment and support of the Advisory Committee, this Toolkit would not have been possible. The successful implementation of the Toolkit will rely on their continued commitment—and yours. To get involved, learn more and stay informed, go to www.landusetoolkit.com.

Toolkit Advisory Committee Members

Nahketah Bagby, City of Covington	Kim Marousek, St. Charles Parish Planning Department
